

## **Diocletian's palace walking tour –PRIVATE TOUR**

***Discover Split and its main attractions through the ancient history and today's everyday living with a local professional tour guide***

Diocletian Palace private walking tour starts at the arranged meeting point, at the agreed time. Our journey through ancient history starts with the fact that the Roman emperor Diocletian was born in nearby important Illyrian center and the capital of the Roman province of Dalmatia - Salona. He build one of today's most preserved palaces of that time in the nearby town Split. With professional tourist guide we are continuing our journey and sightseeing the 1700 year old Diocletian's palace in Split, imagining how the life of Diocletian was like, within the walls of the palace. As we walk through the narrow streets of the old city, we stop by to see the Cathedral of St Duje, one of the most beautiful cultural wonders on the Adriatic coast but also the ancient cellars, Peristyle in center of the palace, Roman temples (today Christian ones), the famous Golden Gate and the big statue from Grgur Ninski.

On this walking tour the guests get to know Split town and its history on an interesting way. After a refreshing cultural tour, depending on the time at which the tour finish, the guests can enjoy a lunch along Split's well known waterfront and go on a shopping spree for the remainder of your day in Split. We would be glad to give the guests suggestions regarding restaurants and shops to make their visit of our city a memorable one!
